

# **Alberto Cano, Ph.D.**

**Associate Professor at VCU College of Engineering**

Richmond, VA, US

Dr. Cano specializes in machine learning, data mining, classification, big data, data streams, and high-performance computing.

---

## **Biography**

Alberto Cano is an Associate Professor with the Department of Computer Science, Virginia Commonwealth University, Richmond, Virginia, United States, where he heads the High-Performance Data Mining laboratory. His research is focused on machine learning, big data, data streams, concept drift, continual learning, GPUs and distributed computing. He is also the Faculty Director of the High Performance Research Computing Core Facility at VCU: <https://hprc.vcu.edu/>

---

## **Areas of Expertise**

Machine Learning, Data Mining, Classification, Big Data, High Performance Computing

---

## **Education**

**University of Granada, Spain**

Ph.D. Computer Science

**University of Cordoba, Spain**

M.Sc. Intelligent Systems

**University of Granada, Spain**

M.Sc. Soft Computing and Intelligent Systems

**University of Cordoba, Spain**

B.Sc. Computer Science

**University of Cordoba, Spain**

B.Sc. Computer Engineering

---

## **Accomplishments**

**Top 2% of most cited researchers in AI field by Stanford University ranking**

Stanford University Scientist Rankings

**Amazon Machine Learning Award**

Hate Speech Detection on Amazon Reviews using Data Stream Mining on Spark and AWS
