Just wanted to thank you for the work you did. We are extremely pleased with the results. Not only were you very astute about current trends and search engine optimization, but also you explained everything in terms we could understand. We found you were very detailed oriented, easy to communicate with, and expedited our changes quickly.

Interesting! A 1st hand account on utilizing the web-that can work. Got me thinking!

This was a very exciting opportunity to learn first hand the strategy that can be used and duplicated in other geographical areas to make huge amounts of money. Opportunities like this don't come along that often and this is one I definitely plan to take advantage of. Andrew did an excellent job of explaining his method. There was no hype. He's not trying to sell an expensive program. He's just telling what he did and what worked for him. And that's the kind of person I want to listen to if I'm going to follow their strategy. I'm very happy to have the "inside" scoop on all of this and be at the ground floor of what Andrew calls an untapped market. Thanks to you Andrew for sharing the secrets of your success!
