

Angela Crawley

Scientist, Chronic Disease Program at Ottawa Hospital Research Institute, Chronic Disease Program

Ottawa, ON, CA

Angela Crawley's lab studies the immunopathogenesis of HIV and hepatitis C (HCV) infection.

Biography

Dr. Crawley has been with the Chronic Diseases Program at the Ottawa Hospital Research Institute since April 2012. In addition to being a Scientist with the OHRI, she is also an Assistant Professor at the University of Ottawa and Carleton University, where she teaches immunology at the undergraduate, graduate and medical school levels. She teaches these courses in both English and French. Dr. Crawley has earned 2 salary awards: a CIHR New Investigator Award and an Ontario HIV Treatment Network (OHTN) Junior Investigator Development Award. Her research is funded by the OHTN, Canadian Foundation of AIDS Research,, the J.P. Bickell Medical Research Foundation and the Natural Sciences and Engineering Research Council. Dr. Crawley received a B.Sc. in Microbiology and Immunology from McGill University in Montreal, Quebec (Canada) in 1999. In 2004 she completed a Ph.D. in Immunology with Dr. Bruce N. Wilkie in the Dept. of Pathobiology at the University of Guelph's Ontario Veterinary College (Guelph, Ontario, Canada). Dr. Crawley then trained as a postdoctoral fellow in Dr. Jonathan B. Angel's laboratory at the Ottawa Hospital Research Institute, and published 10 peer-reviewed scientific research and review articles on the immunopathogenesis of HIV infection. Dr. Crawley was funded by an Ontario HIV Treatment Network (OHTN) Fellowship award and awarded a University of Ottawa Faculty of Medicine Postdoctoral Award of Excellence (2007).

Industry Expertise

Research, Education/Learning

Areas of Expertise

Biomedical Research, Immunology, Chronic Disease, T-cell biology, Hepatitis C Virus Infection (Hcv), HIV-HCV co-infection, Liver disease, Hepatocellular Carcinoma (HCC), Medical Research, Immunotherapy, Microbiology, University Teaching

Affiliations

Assistant Professor University of Ottawa Dept. Biochem. Microbiol. Immunol., Adjunct Professor Carleton University Dept. Biol.

Education

University of Guelph

Ph.D. Immunology

Accomplishments

New Investigator Award

Canadian Institutes of Health Research Salary award (2013-2018)

Research Funding (2011-present)

- Natural Sciences and Engineering Research Council - Ontario HIV Treatment Network - Canadian Foundation of AIDS Research - J.P. Bickell Foundation - Canadian Hepatitis C Network (student scholarships)

Junior Investigator Development Award

Ontario HIV Treatment Network Salary award and Research funding (2011-2015)

Postdoctoral Fellowship

Ontario HIV Treatment Network Salary award (2007-2010)

Postdoctoral Award of Excellence

University of Ottawa Faculty of Medicine
