Biography

If you are planning to design your own website then I can be a right choice for your needs. It's been 10 years now since I started website development. From past few years, I've provided complete solutions to my clients and those are up and running well right from the simple blog to sophisticated sites. My creativity and understanding related to website design is excellent and based on that I always come up with great suggestions and solutions to a given problem. Design to Responsive HTML and WordPress development are my specialties. With WordPress, I can build a website on any kind of requirement. I can provide best services for other CMSs and Frameworks as well including Joomla, CodeIgniter, Magento, Custom PHP, Laravel, and Symfony. Other than above mentioned frameworks and CMS. I also have experience in working with frameworks based on Javascript including jQuery, NodeJS, AngularJS. I've experience in using code versioning system and used SVN, GIT and CVS. More details on what kind of services I can provide: Designing - PSD to responsive HTML templates - PSD to Wordpress, Joomla, Magento and Custom CMS s - Responsive theme design using Twitter Bootstrap - Responsive theme design from HTML5/CSS3 WordPress Development - PSD to WordPress theme - Shopping cart using E-commerce, WooCommerce and Shopp - Creation and customization of themes and plugins - Website optimization and repair hacked website - Payment Gateway and API Integration PHP Development - CMS or Framework development - Creation and management of API - Custom website solutions - E-commerce platforms - Website clones - Data crawling and migrations Magento Development - PSD to theme and integration - Extension and module development - eBay and Quickbooks integration - E-Commerce enhancements - osCommerce to Magento - Data crawling and migrations - Inventory/Attribute/Category loads into Magento Joomla Development - Custom module development - Theme and Payment Gateway Integration - VirtueMart development - Customization of components - Joobi products (jstore, jmarket) - Rocket themes and YooTheme templates I am passionate about development and designing. At most times I delivered solutions to my clients within specified time as I believe in achieving work in deadlines. I constantly keep updating myself with latest trends of development and designing.
