

# **Miriam Ezenwa**

**Associate Professor at University of Florida**

Gainesville, FL, US

Miriam Ezenwa's research explores health disparities in pain management, pain and symptom management for people with sickle cell disease.

---

## **Biography**

Miriam Ezenwa is an associate professor in the Department of Biobehavioral Nursing Science. Her research explores health disparities in pain management for people with sickle cell disease, as well as stress reduction interventions for sickle cell disease. Miriam's biobehavioral research also investigates the hormone cortisol as a biomarker of stress and how computer technologies may be used to measure both stress and pain.

---
