Testimonials

Sally Cameron

Barbara Rozgonyi spoke at a national conference of community college communicators. She was diligent and thoughtful in understanding her audience and seeking the "hot button" issues that would most engage my members. Her presentation was not "cookie-cutter" at all but carefully targeted to the needs and interests I reported. She was well-received by the audience, and many people who were social media warriors already were stunned by the new information she presented. A rockin' presentation! She knows her stuff and was very generous with her material.

Stephen D. Spangehl

Barbara did a great job of explaining and illustrating the value of social media to 350+ administrator and faculty from higher education institutions. She has current, relevant information to share, and a lively, engaging manner for sharing it.

Kathryn Moran

Barbara offered broad insight into the issues and concerns that SM project managers face in showing value added in business use of SM. In addition, she provided great practical tips and resources that I can immediately apply to my role.

Pat Murphy

Barbara Rozgonyi is a terrific speaker that knows her subject matter and engages her audience. She spoke to the importance of integrating social media throughout your organization and emphasized the 3 "D's" of marketing; direct, digital and dynamic. Her presentation rated in the top 5 of the 16 speakers who presented at CONVERGE Chicago. As the President of the Social Media Club of Chicago she was a real plus at our conference and we look forward to having her speak at a future ISSMM.org event.

Sandy Manisco

Barbara presented on Social Media at a standing-room only session at the Illinois Association of Park District's annual convention in January 2014. Her insights and knowledge were outstanding and the information was very valuable. It was by far the best session on the topic of marketing and social media at the convention. She is a captivating, engaging speaker. Thank you, Barbara!
