

Bjoern Hamberger

Assistant Professor of Biochemistry at Michigan State University

East Lansing, MI, US

Hamberger's research focuses on the discovery of plant pathways for bioactive diterpenoids found in medicinal plant species.

Biography

Björn Hamberger is an assistant professor in the Department of Biochemistry and Molecular Biology in the College of Natural Science.

Areas of Expertise

Synthetic Biology, Plant Specialized Metabolites, Terpenes

Education

Max-Planck Institute for Plant Breeding Research

PhD Molecular Biology of Plant Specialised Metabolism
