These books have collectively sold over 250,000 copies. Incredibly, 11 of those books were published in a single year, a feat that earned him the title 'Australia's Most Prolific Author'.

Generated over \$5 million worth of free media exposure for clients

In 2004, Dale created KAPOW Media with friend Matthew Dillon, a boutique Public Relations (PR) agency to attract media attention and get wider exposure for his work with teenagers and youth. After 6 weeks and some 30 stories later, the phone started ringing and over the next three years KAPOW Media generated over \$5 million worth of free media exposure for the handful of clients it worked with.

Impacted the lives of 23,000 young people

At the age of nineteen, together with his good friend Brent Williams, Dale wrote his first book titled *The World at Your Feet*, and co-founded Tomorrows Youth International, which runs educational and self-development programs for 13 to 21-year-olds in five countries. Their flagship '2-Day Empower U Program' is still running to this day and over 23,000 young people have now been impacted by this life-changing event.

Elite Sports Champion Competing at an International Level

At the age of nine Dale was selected for the elite NSW Gymnastics Squad. Training 34 hours per week, he soon learnt the value of discipline, hard work, having a coach and most importantly, delayed gratification. Changing sports later, in 1998 he became the National Aerobics Champion and the youngest Australian to compete at the World Aerobics Championships in Tokyo, Japan, where he placed eighth.

Creator of Profile Accelerator & Business Blueprint

In 2009, Dale created 'Profile Accelerator' - a 4-day training program designed to equip others with all of skills needed to; sky-rocket their profile, boost credibility and unlock the hidden profits to personal and business success. Faced with growing demand for a more long term business development program, Dale created "Business Blueprint" - the ultimate business building fast-track program, which currently has around 350 members.

The feedback has been absolutely outstanding with some members saying their annual subscription of \$600 was worth it just for your 90 minute talk alone! Also some members travelled 3 hours by car and said they were still talking about Dale's session and making plans all the way home - until 1.30 in the morning.'
