**VP Business Development at Lillibridge Healthcare Services Inc.**

Atlanta, GA, US

Providing strategic solutions to hospitals and health systems to solve their real estate, facility, and capital challenges

---

Damian serves as the overall relationship manager to ensure expectations are met as the project services are rendered, and that the project is performed successfully to the client's complete satisfaction. He has earned over 28 years experience in the medical facility industry, working extensively with hospital executives and physicians in over 21 states. In addition to his current role in client relationship management, Damian's diverse background includes the feasibility, programming, space planning, design, and construction of more than 3.6 million sf of medical buildings. His broad experience also includes over 15 years in the lead project role focused on medical real estate development, physician syndication, financial projections, and marketing / leasing. Damian earned a Bachelor of Science Degree in Architectural Engineering from the University of Memphis.
