

# **dana blouin**

**EFS Scholar at Layer 8**

Bangkok, , TH

Technology Researcher

---

## **Biography**

Currently a PhD student studying Information and Communication Technology at Thammasate University - SIIT as an EFS Scholar, I also have a MS in ICT from UW - Stout and a BS in Information Networking and Telecommunications from Fort Hays State University. In addition, I have an AS in Computer Networking from Community College of Rhode Island as well as several technology certificates from Arapahoe Community College. I have over 10 years of experience in high tech, most recently having worked as a network engineer for a service provider where I designed and implemented changes to their data network. Widely considered as an expert in the area of network design and the Internet of Things. Currently as a PhD student at Thammasat University I am doing research related to the next generation of IP connected wireless devices.
