

Daniel J. Cox

Professor and Founding Chair of Manufacturing Engineering, Department of Mechanical Engineering at Georgia Southern University

Statesboro, GA, US

Daniel J. Cox is an expert in robotics and automation, advanced manufacturing, and dynamic systems and control.

Biography

Dr. Cox's research interests include robotics and automation, advanced manufacturing, and dynamic systems and control. His interests also include cooperating and collaborative robotics, software aspects of manufacturing, manufacturing execution systems, and engineering education for the modern manufacturing engineer.

Areas of Expertise

Dynamic Systems and Control, Robotics and Automation, Advanced Manufacturing

Education

University of Texas at Austin
Ph.D.

University of Florida
M.S.

University of Florida
B.S.
