Venture Catalyst & Leadership Coach for high-performance entrepreneurs

Biography

I'm on a mission to equip 21st-century passion-driven entrepreneurial leaders with the clarity, commitment, confidence and courage to make a positive difference in the world. Why? We need a new approach to leadership, to meet the challenges of a rapidly changing and chaotic future. Entrepreneurship is the best way to ignite the imagination, focus the resources and stimulate the massive action required to overcome the huge obstacles we face. The future we desperately need will be created not by politicians, or by the CEOs of the old guard, but by a new generation of citizen-leaders who are crystal-clear about their purpose, who are powered by the passion of a big vision, and who transform the status-quo by mobilizing communities of people to build systems that create profit and prosperity for all. It's a crazy dream, to which I commit the rest of my life to make happen. Will you join me?
