

David Feldman

Professor of Urban Planning & Public Policy and Political Science, Director of Water UCI at UC Irvine

Irvine, CA, US

David Feldman specializes in water resources management and policy, global climate change policy, ethics and environmental decisions.

Biography

David Feldman specializes in water resources management and policy, global climate change policy, ethics and environmental decisions, adaptive management, and sustainable development. His current research is focused on the sources of value conflicts over allocation and distribution of water, and the difficulties in achieving institutional reform to promote equity in water management in the U.S. and elsewhere.
