

Diane Berry, Ph.D., ANP-BC, FAANP, FAAN

Associate Professor in the School of Nursing at UNC-Chapel Hill

Chapel Hill, NC, US

Dr. Berry's expertise is in developing community-based nutrition and exercise education and cognitive theory-based interventions.

Dr. Berry obtained a Diploma in Nursing at the Sisters of Charity Hospital School of Nursing and Canisius College in Buffalo, New York in 1976. She received a BSN from Lenoir Rhyne College in Hickory, North Carolina in 1987. In 1997, she received her MSN and ANP-BC from Boston College in Chestnut Hill, Massachusetts. Dr. Berry received her PhD at Boston College in Chestnut Hill, Massachusetts in Philosophy of Science. She was a Postdoctoral Fellow at Yale University from 2003-2005 in Nursing and Self and Family Management of Chronic Conditions. Dr. Berry focuses on management and prevention of obesity, type 2 diabetes and gestational diabetes mellitus using community-based research in English and Spanish in the United States and in Mexico. Current research interests include translation science focusing on dissemination and implementation using web-based and smart phone interventions.
