Diya Soubra

Managing Partner at SCH Consulting

Nice, Nice, FR

A speaker that is able to communicate the connection between the underlying technology and the business case

Biography

Diya is a technology business executive and a broadband services evangelist. He has managed and developed various software & hardware products for communication protocols and infrastructure systems while working for Rockwell Semiconductor, Conexant Systems and then Mindspeed Technologies. Diya has over 20 years of experience and for the last ten years he was in charge of product marketing for semiconductor and software products for VoIP and broadband gateways. In his current role as a managing partner at SCH Consulting, he works with companies to grow their business in EMEA with primary focus on customer acquisition.
