Biography

I have been coaching for nearly 20 years and desire to help reconnect people with what makes them great, so that they have a massive impact in their world. I take the approach of discovering where they are in their life, where they would truly like to be and then come up with a strategic plan to become the greatest version of themselves. In my time coaching I have developed an obsession with helping others connect to their greatest self by helping them achieve their dreams! I believe that your dreams are an extension of your purpose and person...and as you unlock your dreams and make your dream life a reality you get closer to your calling in life! That is my mission. That is my passion. I am an energetic catalyst for change that empowers everyone to break the chains of fear and doubt and reconnect with their greatest self so that they can live the life of their dreams. It's that simple! I was enlisted in the Air National Guard for 6 years, served as a Pastor of Youth Ministries for nearly 13 years and has had the opportunity to speak publicly in a variety of settings. I have also been a part of such great companies as Zappos, Infusionsoft, Dyn, Origami Owl and Isagenix where I took a hands-on approach at keeping leaders and employees engaged and performing at high levels.
