

Dr Robbie Love

Senior Lecturer, Languages and Applied Linguistics at Aston University

Birmingham, , GB

Dr Love's research harnesses technology to better understand how people use language and help people to communicate more effectively.

Biography

Dr Love is a researcher and educator in English language and linguistics, with a specialism in corpus linguistics. He applies corpus methods to explore how English is used in a range of contexts, including casual conversation and public communications. Their research harnesses the power of technology to better understand how people use language and, ultimately, help people to communicate more effectively.
