

Emily A. Fogarty

Assistant Professor, History, Politics and Geography at Farmingdale State College
Farmingdale, NY, US

Dr. Fogarty is Assistant Professor of Geography at Farmingdale State College.

Biography

Dr. Fogarty has more than a decade of experience teaching the geospatial science of geography. She has teaching experience at both the undergraduate and graduate level, including hybrid and online classes. Dr. Fogarty's past research focused on spatial and temporal variation in tropical cyclone activity related to large-scale climate variability. She has published a chapter entitled "Network Analysis of U.S. Hurricanes," in the book *Hurricanes and Climate Change*. Dr. Fogarty's current research is related to the geography of the tattoo industry, understanding the geography of virtual social media landscapes, and GIS education for K-12 teachers/students.
