Biography

CURRENT: - Chief Operation Officer at Su-Soft Technology (Kunshan), a wholly foreign owned software company focusing on providing MNC's with customized BMS, 'Bonded Management System', solutions. - Member of the Board of Directors: Ever Right International Ltd. (headquarter Hongkong) a foreign investment group, focusing on land development for (bonded) warehousing and factories in China - combining software and hardware: developing bonded warehouse facilities, directly integrating bonded system solutions into warehouses across China
About Su-Soft: 'Su-Soft Technology' used to be a software series previously owned and developed for over 15 years by the Futaba group, a Japanese company with a long and successful history in Electronics and high-tech equipment development. Chinese: www.su-soft.com.cn English: www.susoft-tech.com
PREVIOUS EXPERIENCE: Apart from overseeing land development projects for warehousing and factories, I have, in my previous career, focused on developing quality standards and guidelines for construction equipments; streamlined complex operational processes; and developed & expanded on a B2B, buyer focused sourcing service. In recent years I have focused attention on developing relationships with various government institutions throughout China in order to expand on current projects.
