

# **George (Buzz) Kenney**

**President at Consulate General of Canada (CTA Boston)**

Cambridge, MA, US

George Kenney is an expert in building technology development teams in advanced materials and devices.

---

## **Biography**

George Kenney has 30 years of experience in building technology development teams in advanced materials and devices both at MIT and in various startups. At MIT, he was the Associate Director of the Materials Processing Center from 1979-2008 and the Microphotonics Center from 1998-2008. He was also the Director of MIT's Materials Processing Center Industry Collegium from 1982-2008. He specializes in the creation of vertically integrated multidisciplinary technology and management teams to enhance performance, develop innovative new solutions, or address unmet needs in technologies from electronics and microphotonics to medical devices.

---

## **Industry Expertise**

Research, Health Care - Facilities, Health and Wellness

---

## **Areas of Expertise**

Biomedical Engineering, Entrepreneurship, Materials Science, Product Development

---

## **Education**

**Massachusetts Institute of Technology**

Ph.D. Materials Science & Engineering

**Massachusetts Institute of Technology**

M.S. Materials Science & Engineering

**Massachusetts Institute of Technology**

B.Sc. Materials Science & Engineering
