

Gerry Brunk

Managing Director at Consulate General of Canada (CTA Boston)

Boston, MA, US

Gerry Brunk is a venture capital investor with expertise in biotechnology, medical devices, start-ups and corporate strategy.

Biography

With over 28 years of investment, consulting and entrepreneurial experience in the health care industry, Gerry has helped build life sciences companies at all stages of development. He focuses on investments in a range of therapeutic areas in the biotechnology and medical device sectors, including infectious diseases, neurology, cardiovascular disease, gene therapy and medical robotics. Gerry manages Lumira Ventures' Boston office, which he established when he joined the firm in 2002. Prior to joining Lumira Ventures, Gerry was an entrepreneur in the life sciences sector, founding and serving in a variety of management and board capacities at several venture capital-funded companies. Earlier in his career he was an engagement manager in the health care practice of The Boston Consulting Group, where he advised pharmaceutical and biotechnology firms on strategic issues including portfolio management, corporate partnering, R&D productivity, new product launches, disease management initiatives, acquisitions and post-merger integration. Gerry began his career as a member of the investment banking group of Credit Suisse First Boston in New York where his clients included public and private health care companies.
