What People Are Saying About Gian Fiero

Gary Marshall

Gian has conducted workshops for SBA since 1999 on business development for small business entrepreneurs and entertainment industry professionals for our office in San Francisco. He has been consistently reliable and flexible. Evaluations of his workshops have been enthusiastically favorable and comment specifically on Mr. Fiero's knowledge of his topics; his ability to explain concepts clearly to entrepreneurs; and their impression of him being approachable. I'm particularly impressed with his ability to connect with an audience in a very sympathetic and straight-forward manner. I highly recommend Mr. Fiero to any organization that is considering his public speaking expertise.

Greg Gaston

Mr. Fiero has been an instructor at San Francisco State University's College of Extended Learning for 7 years. During that time, he has proven to be one of the finest instructors that I have ever had the pleasure of working with, and he consistently receives outstanding reviews from his students. Mr. Fiero continually adapts his course curriculum to an ever changing business landscape, challenging the students to develop themselves mentally, intellectually, and to grow personally. I recommend him with no reservation. He is an asset and an ally.
