

Hannes Johnson

Board member at TM Software

Reykjavik, IS

Software Developer / Internet Marketer / Consultant at TM Software

Biography

I was first introduced to the Internet in 1996 and I've been making websites ever since. I'm fascinated by the Internet, the possibilities and future development. I've been studying Internet marketing pretty much since 1997 when I was working on getting my GeoCities website to rank higher on AltaVista ;)

Availability

Keynote, Panelist, Workshop, Corporate Training
