

Ira Glovinsky, Ph.D.

Associate Faculty - Infant & Early Childhood Development - School of Psychology at Fielding Graduate University

Detroit, MI, US

Early childhood development and mental health expert

Biography

Ira Glovinsky, PhD, is the co-lead of the doctoral program in Infant and Early Childhood Development with an emphasis on mental health and developmental disabilities. Dr. Glovinsky is a licensed psychologist with a background in psychology and special education. He graduated from The University of Michigan with a PhD in Special Education with a specialty in emotional impairments in children. He then went on to receive his license in psychology. Dr. Glovinsky worked closely with Dr. Stanley Greenspan and published two books on Bipolar Patterns in Children and Moodswings in Young Children with Dr. Greenspan. He has published articles on pediatric bipolar disorder in refereed journals. Dr. Glovinsky's background includes work in neonatal intensive care and in early intervention for preschool aged children with emotional disturbances. He has directed two clinical preschool programs, including one at Hawthorn Center; a children's psychiatric hospital in Northville, Michigan; and The Village Education Center, formerly in Berkley, Michigan. Dr. Glovinsky also has a specialty in autism spectrum disorders and is certified in Developmentally Based, Individual Difference, Relationship Based (DIR) treatment. He is on the faculty of the ICDL Institute and does supervision and training of professionals. He is one of two professionals to be certified in DIR in Michigan. Dr. Glovinsky's background also includes teaching emotionally impaired children and gifted children in New York City. He is a Fellow of the Michigan Psychological Association and a member of the American Psychological Association and Society for Research in Child Development.
