

# James Wynn

**Associate Professor at Carnegie Mellon University**

Pittsburgh, PA, US

James Wynn's research and teaching explore science, mathematics and public policy from a rhetorical perspective.

---

## Biography

James Wynn's research and teaching explore science, mathematics and public policy from a rhetorical perspective. He has written books on how mathematics gets argued into science and how the internet and internet-connected devices have supported and shaped the development of citizen science in the digital age, reshaping the relationships between scientists, lay persons and governments.

---
