

# **Jean-Pierre Pugliese**

**MD at PugliTec**

Marbella Area, Spain, Cadiz, ES

Independent Telecom Consultant

---

## **Biography**

International engineer/manager with skills and confidence in dealing with a wide range of people and work place problems. I am hard-working and dependable, with a good eye for detail, and work well both on my own and in a team. I am fluent in 4 languages and integrate quickly and effectively in new structures/methodologies. I have established good business relationships with different customers/suppliers, benchmarked different solution providers to highlight the best supplier to collaborate with my company. I am very in touch with the market, being aware of the competition and have done few studies in order to provide the pros and cons of specific solutions. Although I have a technical background in the telecommunication domain, I have acquired managerial and soft skills to be able to manage people and projects to their end.
