

Jinying Zhao

Deans Endowed Chair/Professor/Director/M.D. at University of Florida

Gainesville, FL, US

Dr. Jinying Zhao's interests lie in the fields of genetic epidemiology, statistical genetics and bioinformatics for human complex diseases

Biography

Dr. Jinying Zhao's research interests lie in the fields of genetic epidemiology, statistical genetics and bioinformatics for human complex diseases. Her research is well funded by the National Institute of Health. Dr. Zhao has published extensively on topics related to precision health using multiomic approaches such as genomics, epigenomics, and metabolomics for type 2 diabetes, heart disease and their risk factors. She is a deans endowed chair and professor of epidemiology in the College of Public Health and Health Professions and College of Medicine. She is the director for the Center for Genetic Epidemiology and Bioinformatics.

Areas of Expertise

epigenomics, Bioinformatics for human complex diseases, Genetic Epidemiology, Epidemiology, Statistical Genetics, Genomics
