

John Buse, Ph.D., M.D.

Professor, School of Medicine & Chief, Division of Endocrinology & Executive Associate Dean for Clinical Research at UNC-Chapel Hill

Chapel Hill, NC, US

John Buse is a Professor of Medicine at the University of North Carolina at Chapel Hill.

Dr. Buse's clinical and research interests are in the prevention and treatment of diabetes and its complications. He has clinical practices at the UNC Highgate Specialty Center in Durham, NC and the Salem Center in Winston-Salem, NC. He is the principal investigator for a number of trials conducted by the research team at Highgate and an investigator in other trials on UNC campus and in the TraCS Institute. He enjoys lecturing about diabetes.
