Joshua Carroll

Client Solutions Architect at Euronet Worldwide

Little Rock, AR, US

Professional nerd, educator, moderator, and maker of
things

Biography

Joshua Carroll is a senior software architect and professional sports announcer. He holds
professional certifications in information security, system administration, and software engineering.
He has been active in the area of information management for over 20 years. Joshua has contributed
to efforts of the IEEE, World Wide Web Consortium, and the Federal Communications Commission.
He has also been a guest speaker for the Joint Information Management Council of the Department
of Defense. Joshua is well versed in social media, having served as a Social Media Consultant to
numerous organizations. He has given presentations on the risks and effects of cyber-bullying at
Pulaski Academy (Little Rock, Arkansas) and The Dr. Robert E. Elliot Foundation (Searcy,
Arkansas). He has also given numerous presentations to increase awareness of the risks associated
with irresponsible use of social media and how to use social media safely. Joshua is also available to
announce sporting events or emcee special engagements.

Testimonials

Jana Duty
It is with pleasure that I recommend Mr. Joshua Carroll as a guest presenter. As an educator and facilitator of parent education, I have had the opportunity to work closely with Mr. Carroll on several occasions and for two large group presentations. Through our collaboration, I have found Joshua to be quite personable and eager to help. Mr. Carroll is extremely knowledgeable in his field, an articulate and engaging speaker and always very prepared for his presentations.

Tiffany Knight
I attended a social media presentation where josh Carroll was the speaker and facilitator. He was both informative and thorough with the information he presented. I appreciate him sharing his knowledge so that I am better equipped as a parent and educator!

Rhonda Robinson
[Joshua] did a great job! He's so funny! Great info!

Whitney May
In the time I worked for Joshua he showed great insight, intellect, and a tremendous skill level. Joshua has a deep understanding and continues to gain knowledge in programming, the latest technologies, as well as security. He demonstrates great vision in all of his work, ideas well beyond the scope of others with whom I've worked. He has vast abilities in front end design, has a fantastic eye for detail and is highly skilled at putting together a personal feel for each project. Joshua helped me to expand my knowledge in Object Oriented Programming, with a very fundamental approach to very abstract ideas and concepts. Joshua is a wonderful mentor and teacher.

William Ingram

Joshua Carroll is one of the most professional instructors, mentors, students and fellow co-workers I have every known. His technical knowledge and computer programming skills are far vast than some of this country's best. Anyone that has the privilege to work with him, or work for him would benefit from his knowledge and expertise in the Computer Information field.
