

# **Katy Serafin**

**Assistant Professor at University of Florida**

Gainesville, FL, US

Katy Serafin researches extreme sea levels, coastal flooding and erosion hazards.

---

## **Biography**

Katy Serafin researches extreme sea levels, coastal flooding and erosion hazards to better understand how our coastlines are changing and the resulting impacts to people and places. Katy combines observational datasets with statistical and numerical models to understand the frequency, drivers and impacts of coastal flooding and erosion events. She is an assistant professor in the Department of Geography in the College of Liberal Arts and Sciences.

---

## **Areas of Expertise**

Coastal Resilience, Coastal Hazards, Compound Events, Extreme Events, Flooding , Sea Level Rise
