Chief of the Division of Neurosurgery at UConn Health at University of Connecticut

Storrs, CT, US

Dr. Ketan R. Bulsara is a world-renowned neurosurgeon with an unparalleled range of expertise in treating neurological disorders.

Biography

Dr. Ketan R. Bulsara is a world-renowned neurosurgeon with an unparalleled range of expertise in treating neurological disorders. He trained with the pioneers in neurosurgery and is an author on many national and international guidelines and standards. Now he brings that expertise to UConn Health as chief of the Division of Neurosurgery Bulsara joins UConn Health from Yale University, where he built successful programs in neurovascular and skull base surgery. He is among an elite few neurosurgeons in the world with dedicated dual fellowship training in skull base/cerebrovascular microsurgery and endovascular surgery. Bulsara is directing both of those disciplines in UConn Health?s Department of Surgery in addition to serving as chief of neurosurgery.
