

Kristina Wagstrom, Ph.D.

Eversource Energy Assistant Professor of Environmental Engineering Education at University of Connecticut

Storrs, CT, US

Professor Wagstrom is a chemical engineer with a specialization in atmospheric chemistry.

Biography

Professor Wagstrom is a chemical engineer with a specialization in atmospheric chemistry. She has studied the potential air quality implications associated with using biofuels in place of conventional gasoline.

Areas of Expertise

Biofuels, Woman in STEM, Air Pollution, Atmospheric Chemistry, Biomolecular Engineering

Affiliations

American Association for Aerosol Research, International Society for Exposure Science, American Association for the Advancement of Science

Education

Carnegie Mellon University
Ph.D.

Illinois Institute of Technology
B.S. Chemical Engineering
