

# **Lisiane Pruinelli**

**Associate Professor at University of Florida**

Gainesville, FL, US

Lisiane Pruinelli's research uses data and clinical informatics applications to help improve patient outcomes.

---

## **Biography**

Lisiane Pruinelli's primary area of experience lies in applied data science and clinical informatics. Specifically, Lisiane uses applied machine learning methods to investigate the trajectory of complex conditions, such as organ transplantation, as well as conditions amenable to change with personalized interventions to improve overall health outcomes.

---

## **Areas of Expertise**

Causal Inference, Disease Trajectories, Artificial Intelligence, Clinical Informatics, Machine Learning, Data Science, Electronic Health Records
