## **Testimonials**

### **John McKenna**

Marc's technical knowledge, business acumen and real world application of web design and development is truly an asset to Rackspace and its employees. His willingness to share his vision with our employees is invaluable to the growth of our company.

### **Sharon Rounds**

On behalf of myself and the Mahwah Regional Chamber of Commerce, I would like to thank you again for stepping up to the plate and making an extraordinary presentation on Search Engine Optimization for our Professional Development Seminar Series. We received positive feedback on every single evaluation form that was turned in to us. Thank you for saving the day!!

**Paul D. Beck**

Marc has presented many workshops for SCORE over the past several years with topics such as Search Engine Optimization and Website Design Tips for Growing Your Business. He has an obvious in depth knowledge of these very technical subjects, but has the ability to present the information in a way that is easily understood by people of all levels. His presentations are very professional and he is quite comfortable in front of groups and speaks with confidence. All attendees are asked to fill out an evaluation form at the end of each workshop and Marc always receives very positive feedback. He is now one of our most popular speakers.
