

Margo Crawford

President & CEO at Business Sherpa

Ottawa, ON, CA

A flood of applause! The Business Sherpa will lead you to higher ground with expertise in handling critical business priorities and HR needs

Biography

Margo Crawford is the President & CEO of Business Sherpa, an organization that provides HR and administrative services to businesses and organizations. Margo is a dynamic business leader with 20+ years of experience in diverse and challenging environments (including high tech start up, private, public, non-profit, NGO, unionized). Margo co-founded Meriton Networks, a successful Ottawa-based start-up, where she was instrumental in raising over \$75 million in equity financing. In addition, Margo spearheaded one of the quickest M&A transactions that successfully closed in just over one month. She played a vital part in hiring Meriton's worldwide team and setting up office locations for offshore development and to serve Meriton's customers around the world. As her major performance benchmark, Margo wants to work closely with any stage of organization facing unsettling conditions and help them succeed by off-loading the leaders of some of the critical business priorities and allowing them to accelerate the pace and keep the team focused on the big goals. As a consequence, she offers an enviable exchange rate and adds hours to an executive's day! Some of the duties Margo effectively handles include managing the 'paper' in a financial transaction, writing and organizing Board minutes, finding space and negotiating leases, recruiting critical hires and setting up an HR infrastructure. Through all her experiences, Margo has earned a reputation for being a reliable and seasoned executive team member. Margo has an undergraduate degree from Carleton University and an MBA from Ottawa University. In Ottawa in 2005, she was recognized as a leader in her field, receiving the prestigious Vision Awards as Human Resources Professional of the Year. As a respected business thought leader, Margo is a frequent speaker at key industry events.

Start-ups: Where Do We Go From Here?

It takes a village to work with the family, to raise a child and weather the storms of life. If we want that kind of support, the place to begin is with ourselves. Community begins at home. Is it any different with a startup? This discussion will focus on what we need to do as a community to better support startups and how various community members can collaborate to ensure that Ottawa becomes the best place to start and grow a knowledge-based company.

Going Global

The global economic landscape is changing rapidly. In the increasingly integrated international marketplace, companies have been developing 'global value chains'. Canadian businesses face major challenges to become more productive and competitive in the face of this significant transformation of the global economic landscape. How should Canadian businesses respond to these challenges? What steps must be taken when 'going global'? Margo will address these timely, relevant and practical questions.
