

Mark S. Davis

Senior Research Fellow at Tulane University

New Orleans, LA, US

Professor Davis specializes in water resource management and stewardship.

Biography

Davis has lectured widely on the topic of water resource management and stewardship and has testified numerous times before Congress on the need for a focused and effective commitment to the viability of coastal Louisiana and other vital natural treasures. He has been quoted extensively in the national media, including the Los Angeles Times, CNN, USA Today, ABC News and The Washington Post. Prior to working at Tulane, he served as executive director of the Coalition to Restore Coastal Louisiana, where he helped shape programs and policies at the state and federal level to improve the stewardship of the wetlands and waters of coastal Louisiana, one of the world's greatest coastal and estuarine resources.
