

Michael Curran, PhD

The Diana and Thomas Klein '84 Associate Professor of Economics | Villanova School of Business at Villanova University

Villanova, PA, US

Michael Curran, PhD, is an expert in computational international financial macroeconomics.

Biography

Understanding the "big picture" when considering the global economy is Dr. Michael Curran's area of expertise. With research specialties in computational international financial macroeconomics and uncertainty, he can discuss the interrelationships between key elements of national economies like inflation, gross domestic product and unemployment?and how they affect and are affected by the global economy. A native of Ireland, he has been a sought-after media source for commentary about Brexit and its effect on the United Kingdom and the Republic of Ireland.
