

Michael Okun

Professor at University of Florida

Gainesville, FL, US

Dr. Michael Okun's research explores nonmotor basal ganglia brain features and various aspects of deep brain stimulation and neuromodulation

Biography

Dr. Michael Okun is a scientist and a neurologist. He is a professor and executive director of the Norman Fixel Institute for Neurological Diseases at the University of Florida Health College of Medicine. Dr. Okun was instrumental in the construction of a one-stop patient-centered clinical-research experience for national and international patients seeking care at UF. This change in care and research delivery has since been named the service and science hub model of care.

Areas of Expertise

Tremor, Dystonia, Neuromodulation, Lewy Body Disease, Parkinson's Disease, Deep Brain Stimulation, Tourette
