Biography

HIYA!!! I took a market stall from £1,000 a week to £37,500 a week over 20 years ago. What I learned from that part of my life - and the helter skelter that ensued, I modify and reapply to different businesses... often tripling sales. They say no-ones buying... actually you know what??? NO-ONES SELLING these days. ITS A FACT. Its a saturated world out there - to be good is a given and means NOTHING... I sold literally millions of £££ worth of everything from advertising to cookies, legal services to pans. Its not always the product that makes the sale these days??? Not only do I SPEAK - but I STILL SELL... which makes my material very CURRENT. BOOK ME AND FIND OUT!!!

I LOVE YOU... but i don't know WHY???

My own event - based on all the companies i've worked in and created that "something magnetism" that tripled sales. I KNEW why people loved to buy from that person or company - the customers actually DIDN'T. This lifts the curtain on exactly how I DO IT. * MANY MANY people have literally walked away and changed their whole life after this gig.
