

Nikolay Osadchiy

**Associate Professor of Information Systems & Operations Management at Emory University,
Goizueta Business School**

Atlanta, GA, US

Biography

Nikolay Osadchiy is an Associate Professor of Information Systems & Operations Management at Emory University's Goizueta Business School. His research interests are in supply chain management, where he studies productivity, risk, and resiliency in supply networks, and in revenue management where he studies the impact of behavioral regularities on pricing. He has published in the leading academic journals including Management Science, Operations Research, Manufacturing and Service Operations Management, and Production and Operations Management. He serves as a Senior Editor at Production and Operations Management. Nikolay's practice-focused work has been published in Harvard Business Review and MIT Sloan Management Review. He regularly contributes to the media commenting on the current issues and developments in supply chains. Nikolay has taught Supply Chain Management and Process and Systems Management courses in the BBA, MBA, and Professional MBA programs, Supply Chain Analytics in the MSBA program, and an Operations Management seminar in the PhD program. He holds a PhD in Operations Management from the New York University Stern School of Business.
