

Pang-Ning Tan

Professor at Michigan State University

East Lansing, MI, US

Pang-Ning Tan is an expert in Knowledge discovery from data

Biography

Pang-Ning Tan is a Professor in the Department of Computer Science and Engineering at Michigan State University. He received his MS degree in Physics and PhD degree in Computer Science from University of Minnesota. His research interests are in data mining and machine learning with application to various scientific and engineering domains, particularly in environmental and ecological sciences, network science, and cybersecurity. He has published more than 150 peer-reviewed articles and co-authored a widely-used textbook on data mining. His research has been supported by NSF, NASA, ONR, NOAA, NIH, and ARO, and through gifts from Cisco, Bosch Research, Hewlett Packard Research, and Narus.

Industry Expertise

Mining and Metals, Education/Learning, Research

Areas of Expertise

Data Mining, Machine Learning, Data Science, Network Analysis, Spatio-temporal Analysis

Education

University of Minnesota

Ph.D. Computer Science

University of Minnesota

M.S. Physics

University of Technology of Malasia

B.S. Physics
