

Pascal van Beek

Managing partner at UC Group

Rotterdam Area, Netherlands, , NL

Pascal van Beek is a logistics strategist

Biography

With a strong vision on entrepreneurship and developments in logistics, I do support companies with defining their logistics strategy and connect them with my network, professionals and solutions to realize their strategy and/or increase their performance. Our current economy with its' fast changes and growing complexity requires a different approach towards logistics. More organic structures for companies are vital to realise targets. It is the means to create sustainable market leadership.
