[Patrick Traynor](#)

Professor at University of Florida

Gainesville, FL, US

Patrick Traynor is an expert in cybersecurity.

Biography

Patrick Traynor is the John and Mary Lou Dasburg Preeminent Chair in Engineering and a professor in the Department of Computer and Information Science and Engineering at the Herbert Wertheim College of Engineering. His research focuses on the security of mobile systems, with a concentration on telecommunications infrastructure and mobile devices. His research has uncovered critical vulnerabilities in cellular networks, developed techniques to find credit card skimmers that have been adopted by law enforcement and created robust approaches to detecting and combating Caller-ID scams. He is also interested in internet security and the systems challenges of applied cryptography.

Areas of Expertise

Deepfakes, Cellular Networks, Cybersecurity, Computer Networks, Mobile Payments
