

Pedro Sarmento

Head of Product at PriOps

Madrid, Madrid, ES

Unlocking data for Innovation

Biography

An entrepreneur with an engineering background, with the desire to step up and take on a challenge to help make the world a better place. For the past 15 years, most of the work was managing greenfield projects, in different sectors, from energy to food production, from EU to Angola and Brazil. But then, the specific duties were always the same: responsibilities on strategy & business development. Specialties: ? See beyond the apparent limits to seize opportunity. ? Take the time to assess the situation to come up with novel solutions. ? Ability to understand complexity and alignment within an organization. ? Investment opportunities analysis, strategy and business development. ? Organization, structuring and implementation. Tutoring ventures (from startups). ? Focus on social networks and sustainability ? Humility, trust, perseverance and creativity. ? Excellent networking, communication and leadership skills.
