

Prof. Antonio Torres

Full Professor of Medicine, Head of Respiratory Intensive Care Unit at Hospital Clinic de Barcelona

Barcelona, , ES

Torres is Full Professor in Medicine at the University of Barcelona (UB) and Head of the Respiratory Intensive Care Unit at Hospital Clínic

Biography

Antonio Torres is Full Professor in Medicine at the University of Barcelona (UB) and Head of the Respiratory Intensive Care Unit at Hospital Clínic. He is considered a physician of reference both nationally and internationally in lung infections, including pneumonia, chronic obstructive pulmonary disease (COPD), bronchiectasis, immunocompromised patients, weaning, noninvasive ventilation (NIV), and acute respiratory distress syndrome (ARDS-ALI). He leads the research group on Applied Research in Respiratory Diseases of the Institut d'Investigacions Biomèdiques August Pi i Sunyer (IDIBAPS), from where he facilitates translational research studies. He also coordinates a CIBER group on respiratory diseases (Ciberes) and takes part in several European projects. He is co-author of more than 300 scientific publications and has supervised 24 Phd theses. Research interests Dr. Torres has developed several lines of investigation in the field of respiratory infections and artificial ventilation: 1- Infections in patients in intensive care unit: 2- Infections in patients outside the intensive care unit. 3- Artificial ventilation

Industry Expertise

Research, Education/Learning

Areas of Expertise

Coronavirus, Acute Respiratory Distress Syndrome (ARDS-ALI), Immunocompromised Patients, Chronic Obstructive Pulmonary Disease (COPD), Lung Infections, Respiratory Infections, Artificial Ventilation, Pneumonia, Bronchiectasis, Noninvasive Ventilation (NIV), COVID-19

Affiliations

International Bariatric Club - Member

Education

Universitat de Barcelona

M.A. Hospital Management

Universitat de Barcelona

Doctorate, Medicine, Outstanding - Cum Laude
