

Sergey Klimenko

Professor at University of Florida

Gainesville, FL, US

Sergey Klimenko's research interests include detection of gravitational waves, gamma-ray bursts and as-yet-unknown systems.

Biography

Sergey Klimenko's research interests include gravitational waves, gamma-ray bursts, core-collapse supernovae, soft-gamma repeaters, cosmic strings, late inspiral and mergers of compact binaries, ring-downs of perturbed neutron stars or black holes and as-yet-unknown systems.

Areas of Expertise

Gravitational Waves, Astrophysics, LIGO, Black Holes
