

Ravindra Kolhe, PhD

Director, Georgia Esoteric & Molecular Laboratory at Augusta University at Augusta University
Augusta, GA, US

Ravindra Kolhe is a Molecular and Genetic Pathologist, involved in identifying and validating cutting-edge platforms for diagnostic medicine

Biography

As a Molecular and Genetic Pathologist, Ravindra Kolhe is actively engaged in molecular and cytogenetic evaluation of patient samples as a part of the multi-disciplinary clinical team treating patients. It is his goal to render not only the most accurate diagnosis but also to provide and develop the highest quality predictive and prognostic tests as a part of personalized medicine. This approach helps his clinical colleagues take the best possible care of the patient while at the same time advancing our scientific knowledge in these areas. Dr. Kolhe's clinical work involves molecular evaluation of various pathologic disorders and malignancies. As a CLIA Laboratory Director, he is involved in identifying and validating newer cutting-edge platforms for diagnostic medicine. He is actively collaborating with industry partners and platform manufacturers to develop, validate new instruments for pathology. Dr. Kolhe is also actively involved in medical and graduate education and translation pathology research.

Areas of Expertise

Pathology Informatics, Genetic Pathology, Molecular Pathology, Surgical Pathology
