

Reinhard Laubenbacher

Professor at University of Florida

Gainesville, FL, US

Reinhard Laubenbacher's research is in computational and mathematical systems biology, with applications to human health.

Biography

Reinhard Laubenbacher is a professor in the Department of Medicine, Division of Pulmonary, Critical Care and Sleep Medicine. Reinhard is also the Laboratory for Systems Medicine. Reinhard is a mathematician by training, and his broad research interests lie in computational and mathematical systems biology, with applications to human health. Most of his research is in collaboration with a broad spectrum of scientists and clinicians.

Areas of Expertise

Systems Biology, Data Science, Systems Medicine, Mathematical and Computational Modeling, Computational Immunology
