

Richard Kobe

Professor of Forestry at Michigan State University

East Lansing, MI, US

Expert on the ecological processes governing the dynamics of tree communities in temperate and tropical forests

Biography

Research on the ecological processes governing the dynamics of tree communities in temperate and tropical forests. Focuses on the mechanisms that cause changes in relative abundance and diversity of tree species through time and across gradients of soil resource availability.

Industry Expertise

Research, Education/Learning, Forestry/Forest Products, Writing and Editing

Areas of Expertise

Tree Communities in Temperate and Tropical Forests, Forestry

Education

University of Connecticut, Storrs

Ph.D. Ecology

Denison University

B.A. Biology and Environmental Studies
