Pursuing The Means To Achieve Your Dreams

Biography

As Chief Creator at TeamDream Worldwide, a personal and business development company, Rick is living out his own purpose in helping individuals and businesses create and establish their dreams. In 1996, Rick left full-time ministry to pursue his own business enterprise. With a vacuum from home, Rick founded TG's Janitorial. What began as a \$400 a month job, grew into the largest full service building maintenance company in Northern Arizona. Even from these humble beginnings, Rick knew the value of working ON his business and not IN his business. By developing business systems that literally allowed Rick to work only 10 hours a week, the vision of TeamDream Worldwide became clear. Now TeamDream has the unique product of providing small businesses with totally turn-key business systems to allow small business owners to work fewer hours and make more money than they ever imagined possible. Today Rick is a Certified Trainer, Speaker and Coach with the John Maxwell Team and travels nationally to share his vision with those who want to learn how to become true entrepreneurs while creating their own enterprises. Rick coined the phrase "Create-Preneurs" those who create their dreams through entrepreneurial principles and systems. Rick knows how to connect with people at the place that matters most: Bringing Value to You By Pursuing the Means to Achieve Your Dreams. Rick Krug's approach is founded in his core belief that every person is designed to create. We were all born with the drive and resources to create a future of effective and successful living.
